Translational AI Center (TrAC) Training Fall 2023

3D Vision Mini-Course
From September 25th 2023, 4:00 – 6:00 PM
Location: Online

Join us for a three-week mini-course on 3D Vision techniques and innovative approaches with the potential to reshape various domains. We will look into current state-of-the-art techniques in the field of Computer Vision.

Tentative list of topics:

1. Week 1: Introduction to rendering basics with PyTorch3D

2. Week 2: Neural Radiance Fields

3. Week 3: Surface Reconstruction techniques – SIREN, DiGS and others

When: September 25th, October 2th , October 9th ; 4 PM – 6 PM

Mode of Instruction: Online

Registration:
To register for the tutorial and complete the survey, please visit: https://forms.gle/o8t4NAnEcfBE1GJ6A
Registration deadline: **12hrs before course begins**
Registration Cost:
    Students: $30
    Industry Professionals: $250 per person (we will send you invoice after you fill the registration survey)
